Pin for  
**\$16.00**

NAWIC Detroit has many great events coming up! Please visit our web site at [www.nawicdetroit.org](http://www.nawicdetroit.org). We help build leaders in our community in many ways including the Block Kids Building Program for elementary-aged students, CAD/Drafting competition at the High School level and MAGIC (Mentor a Girl in Construction) Summer Day Camp. We also offer scholarships for college students who are majoring in construction management, engineering and architectural programs. All proceeds from the purchase of these pins will go towards supporting these programs.

For further information regarding the pins or to make a purchase, contact Kathi Dobson at 734 367-2560.

\*All pins are hand-made so color, shape and design of actual pins may vary. Pins shown are not actual size.
